# Interact with Time

**Beginning Goal:** help students to maximize their time to fulfill their goals.

- Goal driven scheduling
- Social networking for scheduling group events
- Visualizing and manipulating schedules based on priority of events
- Track productivity
- Compare current time spent vs ideal time spent
- Urgency vs Importance

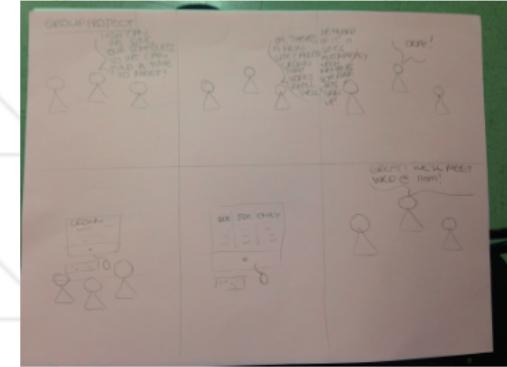

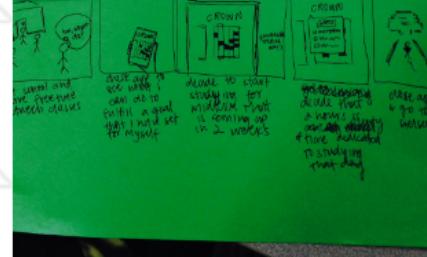

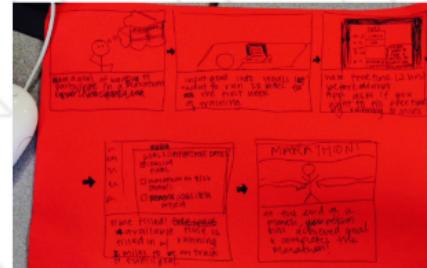

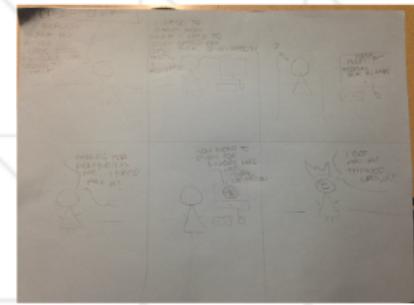

# Crown's Goal

CROWN

*Current goal:* help students to maximize their time to fulfill their goals and to view their schedule in a more visual sense

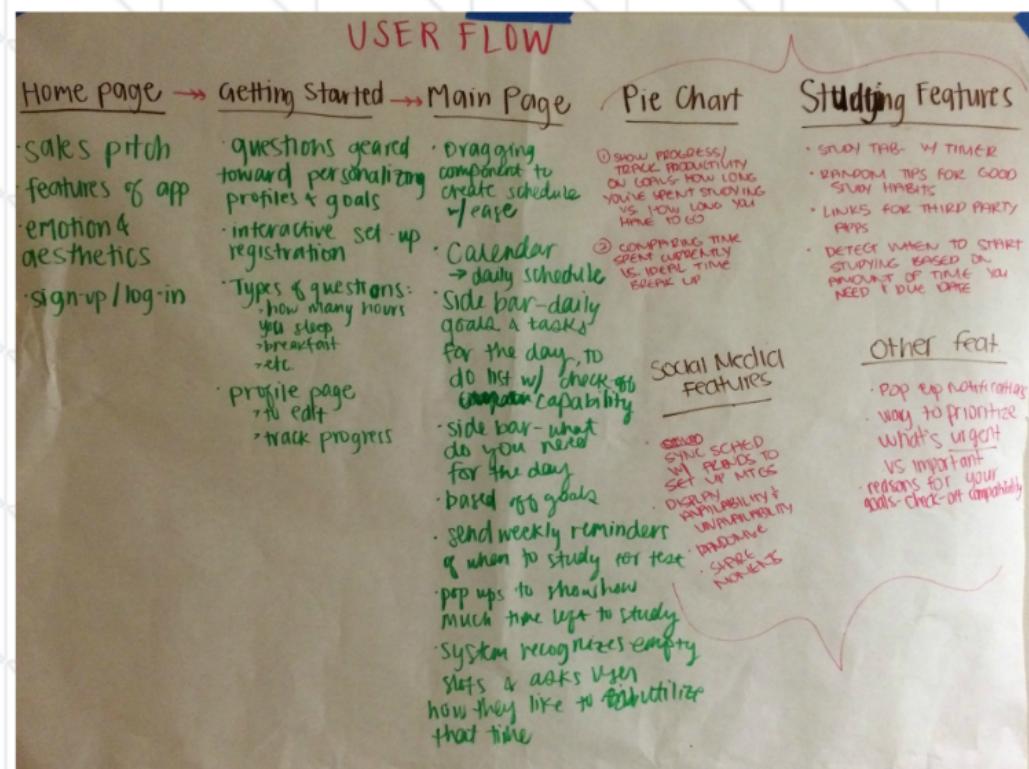

# Sketching User Experiences

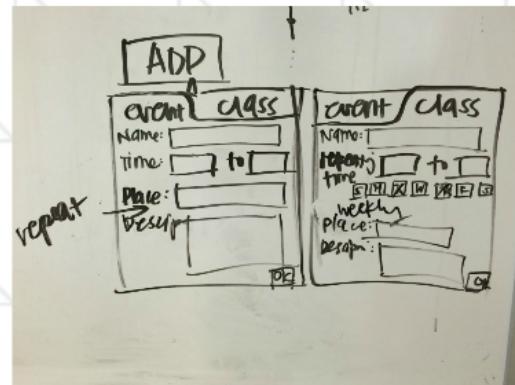

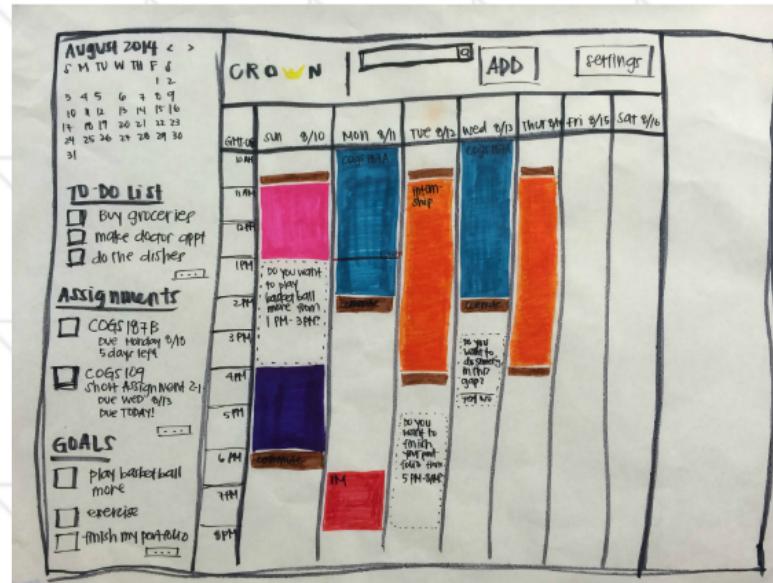

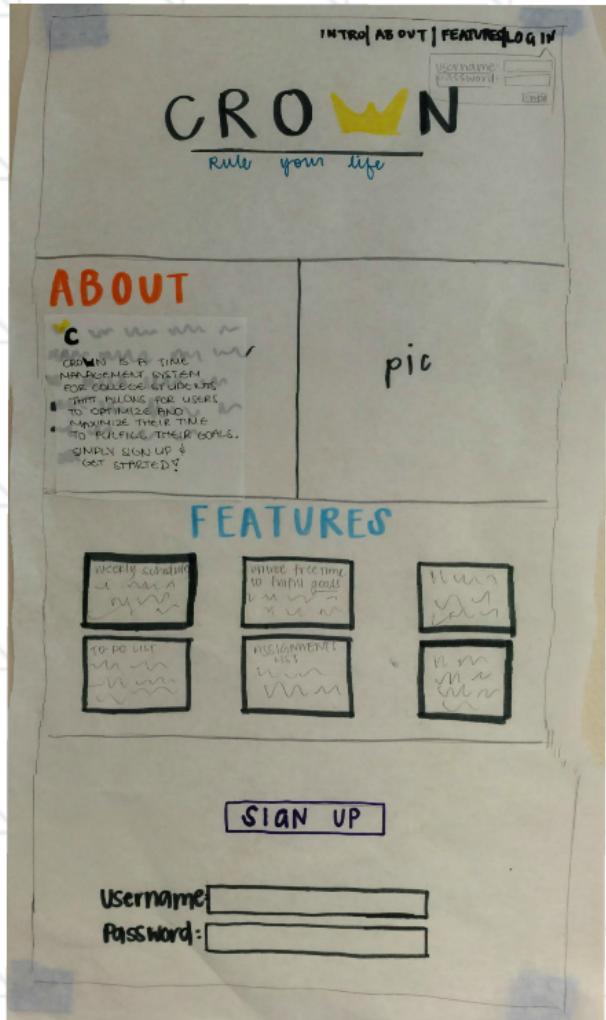

# Storyboarding and Problem Solving

- student receives reminder to study for test | cancels plans with friends
- person wants to learn chinese on his own or run a marathon | finds free time in schedule to work on goal
- need to work on a group project | coordinate schedules between friends to find time
- person wants to know what they need to pack in bag and do for the day | checks crown

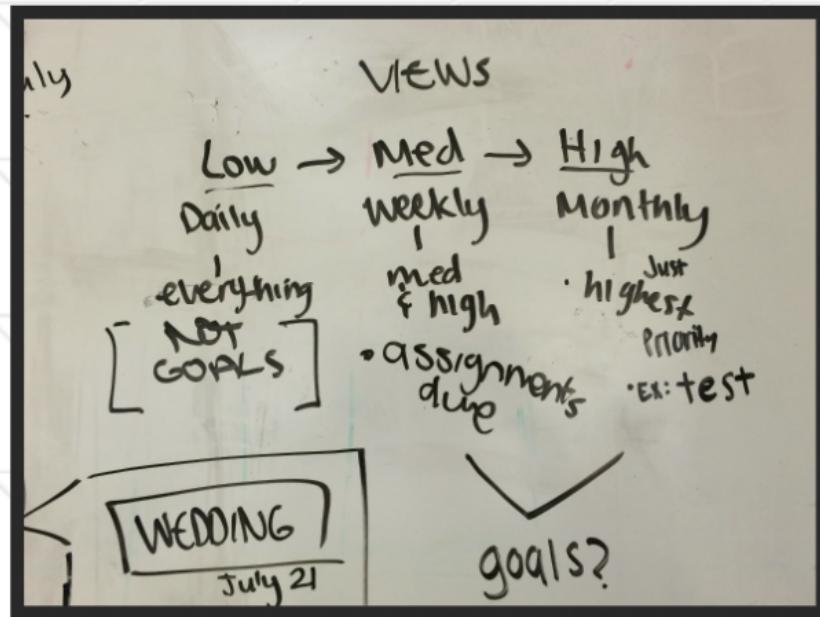

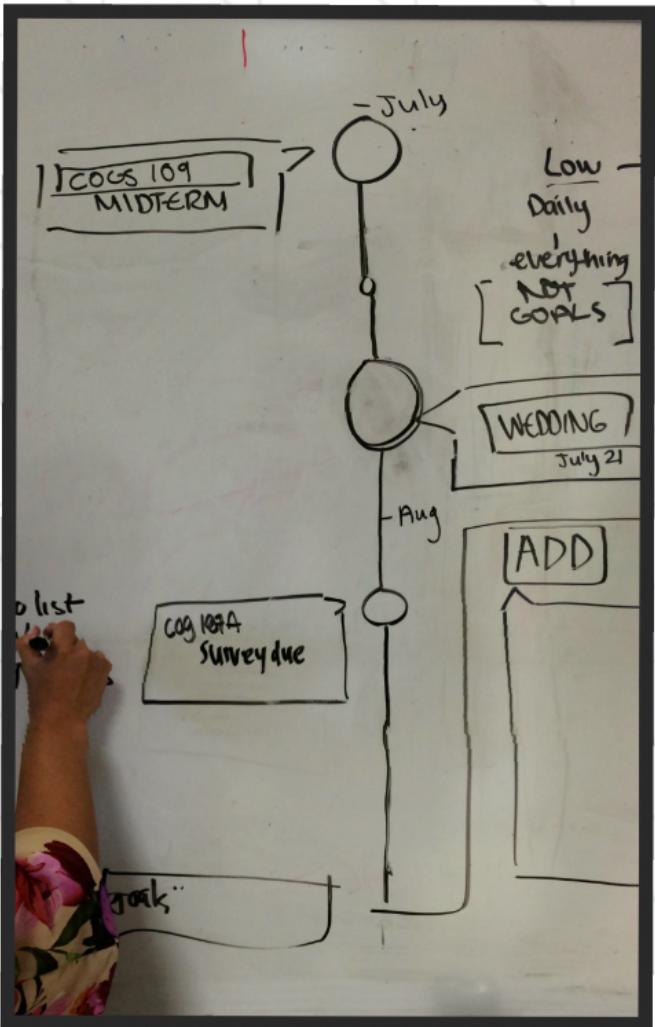

# User Flow

# Sketched Prototyping

# Prototyping Timeline | Prioritizing Events

# Prototyping: Photoshop

 ABOUT | FEATURES | SIGN UP | LOG IN

A time management system for college students that allows for users to both optimize and maximize their time to fulfill their goals.

## FEATURES

## Main page: Calendar view

The figure shows a digital calendar interface with a sidebar on the left containing a crown logo and navigation links for ADD, DAILY, WEEKLY, and MONTHLY views. The main area displays a weekly agenda from Monday to Sunday. A vertical blue timeline bar runs down the center of the agenda. Events are represented by yellow squares with text labels. The agenda includes:

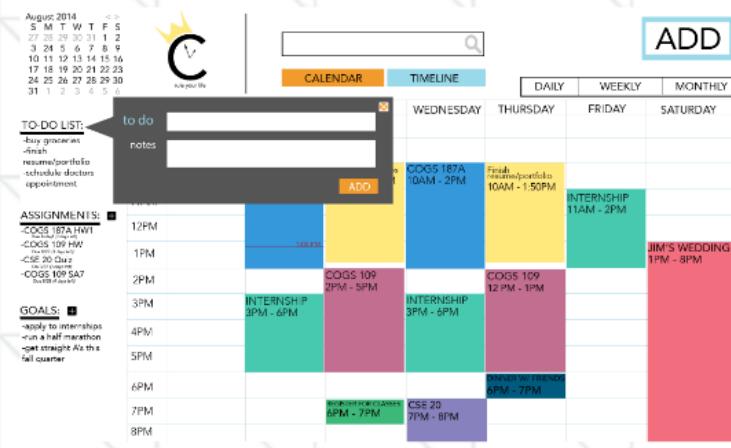

- Monday: 11:00 am COGS 109 SA7
- Monday: 12:00 pm COGS 109
- Monday: 1:00 pm CSE 20
- Monday: 3:00 pm CSE 20 final
- Tuesday: 11:00 am drive to school
- Tuesday: 5:00 pm drive home from school
- Wednesday: 6:00 pm dinner with friends

## Timeline view
